

Standard	Description
MIL-HDBK 217F2	Reliability prediction of electronic equipment
MIL-HDBK 217G	Reliability prediction of electronic equipment
MIL-HDBK 217 Plus	Reliability prediction of electronic equipment
MIL-HDBK 217F2 with VITA 51.1	Reliability prediction of electronic equipment
FIDES	Reliability Methodology for Electronic Systems
IEC 62380	Universal model for reliability prediction of electronics components, PCBs and equipment
Telcordia	Reliability Prediction Procedure for Electronic Equipment
HDBK GJB299	Reliability Prediction Handbook for Electronic Equipment
SN 29500	Failure rate, component, expected value, dependability
HRD 5	Handbook of Reliability Data for Electronic Components
NSWC	Handbook of Reliability Prediction Procedures for Mechanical Equipment
